

# GARETH CRAIG PUXTY

## FRONT-END DEVELOPER

www.craigpuxty.dev

## PROFILE

Over several years, I've dedicated much of my free time to gaining proficiency in several front-end technologies and design tools, together with some back-end knowledge.

I am an analytical thinker, able to identify and define problems and then develop a workable solution. I am meticulous in my development process, following fundamental principles; kiss, dry, navigation, visual hierarchy, consistency, etc.

I can create beautiful, modern software with custom, high-quality imagery - that's accessible, scalable, responsive and performance-driven.

-  Flintshire, North Wales, UK

## SKILLS

### Environment

- VS Code
- Emmet
- Prettier
- NPM
- Git / Github
- React dev tools / Reactime
- Google Lighthouse

### Front-end

- HTML5
- CSS3 / Sass / Bootstrap
- JavaScript (ES6+)
- React.js
- JSX
- Prop-Types
- Next.js
- Gsap

### Back-end

- Node
- Express
- Mongoose
- MongoDB

### Design tools

- Photoshop
- Illustrator
- Experience Design (Xd)

## INTERESTS

- Coding
- UI/UX
- Digital art
- Animation
- Movies / Box sets
- Rock / Metal music
- Playstation
- Science & technology
- Health & fitness
- Combat sports

## RECENT PROJECTS

### Portfolio v2

Mar 2022

My portfolio provides a convenient way for you to view my work (live) and browse project structures, hierarchy and code while allowing further expansion and development of my skills and experience.

#### Technologies

### Games

Nov 2021

Search and explore 500,000+ games for 50 platforms - including mobiles. Containing comprehensive video game data - courtesy of RAWG: videos, screenshots, descriptions, genres, ERSB ratings, Metacritic ratings and more... Games utilises the intersection observer API to provide an optional infinite scrolling feature.

#### Technologies

### The Weather

Mar 2021

Check the forecast where you are - using Geolocation. Alternatively, perform manual searches - elsewhere! Forecasts include conditions, precipitation and wind (displayed hourly) in a format that suits you. The presentation includes dynamic imagery, courtesy of Unsplash - which matches (somewhat reliably) current weather conditions.

#### Technologies

### Movies

Jan 2021

Search and explore millions of movies, television shows and people. Peruse upcoming releases or re-discover forgotten favourites. Stay up to date with who or what is currently popular and trending. Other features include trailers, cast biographies and services to watch, buy, rent and stream content.
